Company

zetVisions AG reappointment of Chief Executive Officer and extension of the Executive Board contract for Monika Pürsing

The Supervisory Board confirms the successful course taken by the CEO with a new five-year contract.

Heidelberg, October 20th, 2011 – The Supervisory Board of zetVisions AG, the Heidelberg-based market leader for legal entity management software, renews the contract for Monika Pürsing, which was due to expire at the end of the year. The contract was extended for another 5 years and simultaneously, she was reappointed as Chief Executive Officer until December 31, 2016. Thereby, the Supervisory Board of zetVisions AG ensures the continuity in the company's management over a long term.

Holger Reichardt, chairman of the Supervisory Board of zetVisions AG, justified the decision as follows: "With Mrs. Pürsing we have an expert of legal entity management in the zetVisions' management with many years of experience and a very good knowledge about the market. This extension of the mandate not only expresses the acknowledgement and appreciation of the Supervisory Board for the performance so far, but also further confirms the right track the company has chosen. The figures speak for themselves."

"This is a great token of trust and I am very grateful for it," says Monika Pürsing, "For me this is a huge motivation to continue the path we have chosen."

Monika Pürsing was appointed as Chief Operating Officer (COO) to the Executive Board in January 2010 and has been managing

the company as Chief Executive Officer (CEO) since January 2011.

About zetVisions

zetVisions AG is specialized in the field Financial Corporate Governance & Compliance. With business management applications for the legal entity management, zetVisions is in charge of around 200 customers in Europe.

In August 2007, zetVisions acquired OpenData Systemhaus AG. In June 2008, zetVisions founded two international subsidiaries in France and in Belgium and takes in charge the former Cartesis/BusinessObjects products since then. So, zetVisions manages the leading competence centre for corporate investment management in Europe. Altogether, zetVisions has about 65 employees in Heidelberg.
